

# Turner's Exclusive "No Sunday Without Music" Church Guarantee

*"Our Service Protects YOUR Service"*

Turner's has provided over 1,000 churches in the CSRA with top quality pianos and keyboards since our doors opened in 1955 and is committed to servicing their musical needs.

During the covered warranty period should your piano or keyboard need repairing, for any reason; electrical shortage, vandalism, abuse, all you have to do is call us and we'll put your appointment ahead of any others.

And if we're unable to make the repairs in time before your next church service, we'll bring another instrument to the church to use in the meantime,  
at no charge whatsoever!

*This is Turner's way of ensuring your church congregation **never** has to go a Sunday service without music and our total commitment to providing **the very best customer service!***

*We'd be honored to have your congregation join our list of satisfied Churches today!*
